

# Try Pie Storefront Fund

## About Try Pie

Try Pie is a social enterprise structured youth ministry that uses employment as an opportunity to engage and equip young women for their futures.

Experiential learning in the kitchen is supported by time spent in a classroom setting with curriculum focusing on four core values: financial stewardship, job skill development, faith development and reconciling community.

## Storefront Campaign

Over the last four years of making and selling pie, the program has seen great growth and impact, but barriers to future growth as well as new opportunities for development have become more apparent. Currently, Try Pie is operating out of a shared kitchen space in Orchard Hill Church. A storefront would support Try Pie's ability to hire more teens and provide more transferable work experience through expanded hours, direct customer interaction and student sense of ownership.

Try Pie is specifically seeking funding for the purchase of commercial equipment and the renovation of an expanded kitchen and retail seating area. With support for this project, Try Pie will be able to take this capacity building step forward, and offer meaningful work to young women in the Cedar Valley for years to come.
